ANNUAL REPORTS
of the
Selectmen & Other Town Officers
for the year ending December 31, 1998

FROM THE SELECTMEN'S DESK

1998 - - - It has been a busy but productive year. The septic system for the Town Hall and the Library has been completed, with paving in front of the Town Hall. According to State Law the underground fuel and gasoline tanks have been removed. These have been replaced with above-the-ground fuel tank at the Town Hall and gas tank at the Fire Department.

Further progress has been made to redesign the Transfer Station with the work to be completed in 1999. The Town Office has been updated with redecorating and the addition of a new Gateway Computer. The Selectmen have attended meetings to keep abreast of the improvements at Mt. Sunapee.

The foresight of the previous Board of Selectmen has been much appreciated, making the work for 1998 easier. The Selectmen also appreciate all the assistance given by Phyllis Baker and wish her well in retirement.

We also wish to express our thanks to Hazel Johnson for her generous gift of land to the Town of Goshen to be kept for wildlife.

The Office staff and the Selectmen have worked well together which is much appreciated.

Arne Nilsen
Chairman
Board of Selectmen

PHYLLIS BAKER

The retired town clerk, Phyllis Baker will long be held in warm remembrance by the townspeople of Goshen. Her cheery smile and infectious laugh brightened the town office for more than three score years. During her unbroken term of service she became a veritable encyclopedia of important information, and was the bedrock around which the ever-changing stream of town officials flowed. If they had a question she could not answer she searched until she found the solution.

Some long-time residents will remember the less formal days of the town office when it was located in the Baker homestead on Ball Park Road. It was a privilege to walk along a flower-bordered path to the entrance door. When inside, there would be pleasant conversation about the bluebirds that chose to nest nearby and other wildlife that sometimes visited.

As Phyllis surrendered her post to a successor, she was followed by love and good wishes which still enfold her in a warm blanket of friendship.

TOWN WARRANT

TOWN OF GOSHEN
The State of New Hampshire

THE POLLS WILL BE OPEN FROM 8:00 AM TO 7:00 PM on Tuesday, March 9, 1999

THE BUSINESS PORTION OF THE MEETING WILL BEGIN
AT 6:30 PM on Saturday, March 13, 1999

To the inhabitants of the Town of Goshen in the County of Sullivan in the State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at the Goshen Town Hall in said Goshen on Tuesday, the 9th day of March, 1999, between the hours of 8:00 am and 7:00 pm to act upon the following subjects:

1. To choose all necessary Town Officers for the ensuing year.
2. To see what the town would like done with the former Pearson property building. This is to be done by paper ballot. This vote is to guide the selectmen as to future use of the property and is not binding.

You are further notified to meet at the Goshen Town Hall in said Goshen on Saturday, the 13th day of March, 1999, at 6:30 of the clock in the evening, to act upon the following subjects:

3. To receive the reports of the Town Officers of Goshen and take any necessary action thereon.
4. To see if the town will vote to increase the Administrative Assistant's hourly wage by \$.25 per hour. Funds needed for this increase are included in Executive #4130. (Majority vote required) Recommended by Selectmen and Budget committee
5. To see if the town will vote to increase the Deputy Town Clerk's pay from \$7.50 per hour up to \$8.00 per hour (as determined by the town clerk). Funds needed for this increase are included in Elec., Reg., & Vital Stat. #4140. (Majority vote required) Recommended by Selectmen and Budget Committee
6. To see if the town will vote to increase the Deputy Tax Collector's pay from \$7.50 per hour up to \$8.00 per hour (as determined by the tax collector). Funds needed for this increase are included in Financial #4150. (Majority vote required) Recommended by Selectmen and Budget Committee
7. To see if the Town will vote to raise and appropriate the following sums of money for general municipal operations: (Majority vote required)

Account No.	Selectmen's Budget	Budget Committee Recommends
4130 Executive	\$25,008	\$24,933

--	------------------------

Goshen Conservation Commission, 1998

Several major events occurred this year. On a negative note, the death of founding member Gerry Dickerman and the resignation of Chairman Mark Burns, due to health reasons, deprived the commission of two of its staunchest supporters and hardest workers. For many years Gerry mowed fields, cleared trail, and shared his great knowledge and love of the land. He helped steer the town through the planning and building of the federal flood control project and the creation of Gunnison/Williamson (G/W) Park. Mark donated untold hours to maintaining the hiking trail at G/W Park and to picking up trash at G/W Park and the Rand Pond boat access. He was instrumental in persuading the Ausbon Sargent Land Preservation Trust to include Goshen in its membership.

On a positive note, sixty acres of land on Brook Road were donated by Hazel Johnson and family to the town of Goshen, with an attached conservation easement. The property may be used by the town for conservation and recreation purposes, but subdivision and residential and commercial buildings are permanently prohibited. The Ausbon Sargent Land Preservation Trust will monitor the property to insure that the terms of the conservation easement are followed. This very generous gift was prompted by Hazel's desire to preserve some of her family's land from future development and to provide a habitat for animals. The Conservation Commission wishes to thank Hazel for this lasting gift to the town which it has named the *Goshen Memorial Park*.

The status of the three properties managed by the conservation commission are as follows:

- Gunnison Williamson Park: Mowing and trail maintenance are ongoing tasks. Last summer the International Workcamp, hosted by Ted and Ruth LeClair, mowed and cleared brush. Unauthorized use of the property by ATVs, littering, and destruction of picnic tables present problems that need to be solved.
- Rand Pond Town Beach: Plans are underway for the construction of a boardwalk from the state access road to the beach so that it will be accessible for swimming and picnicking. Refuse removal and sanitary facilities will need to be provided.
- Goshen Memorial Park: This wooded area with old logging roads is ideal for hiking, camping snowmobiling, and cross-country skiing. It also affords wetland protection and wildlife habitat. This is a new project for the Commission and will receive a lot of attention in the coming year.

Much work needs to be done to keep these three properties clean, safe and enjoyable for everyone. If you have an hour or a day to help out, please let us know -- we need all the volunteers we can get.

MEMBERS: *Bea Jillette, Secretary; Rita Purmort, Treasurer; Ruth LeClair; Lois Stevens; Dick Hamilton; Kathy Moen; Evelyn O'Connor*

1998 Cemetery Report

This has been another productive year for the Goshen Cemetery Commission. Significant rehabilitation work has been done on all three cemeteries. By nature this work tends to be time consuming but the results are beginning to show. The Four Corners cemetery was finally cleaned out to the point where Paul Barrett could brush hog back to the stone walls. We hope to keep it mowed to this extent in the future. The North Goshen cemetery received the attentions of Fred Faulkner and his backhoe. The granite retaining walls were put back in place and many of the stones were lifted back into place or straightened out. The Mill Village Cemetery finally received some much needed attention thanks to the help of the international youth group led by Ruth LeClair and Fred Faulkner. The fence was painted and five truck loads of debris removed. Lloyd Hamilton kept all three cemeteries mowed and trash cans emptied again this year. Town road agent Shelly Stevens has lent his support for many of these projects. Thanks again to the Blackwoods and the Boy Scouts for replacing the flags at Memorial Day.

1998 saw seven burials in our cemeteries. We do our best to accomplish these in a professional and caring manner. The layout of the upper [East] section of the Mill Village Cemetery was modified due to incorrect mapping. In the coming year we hope to continue with general improvements. There remain many stones in need of repair. Some trees need to be removed and fences repaired. Longer range projects will include a professional survey and mapping of the upper section of the Mill Village East Section. We would like to eventually clean the stones as this really makes a difference. Arthur Jillette has hopes of computerizing our records. Our current budget only really allows for the most basic maintenance and mowing costs. We hope to access some of the perpetual care money this next year which has been available but never used. This will free up some money for capital improvements such as purchasing signs for all three cemeteries and doing some much needed tree work. As of Dec 2, 1998 the cost of lots is raised to \$100 each. This remains well below average market cost but should provide some protection against non resident purchases. We were able to send a representative to the 1998 annual training seminar held by the Attorney Generals Office. This helped us learn some of the many civil procedures regulating cemetery commissions.

We thank the many people of Goshen who have supported and encouraged our beautification projects. Our cemeteries can be fascinating and fun places to explore. Please visit sometime.

OLIVE G. PETTIS LIBRARY TRUSTEES REPORT 1998

The Trustees of the Library meet six times a year to conduct the business of the Library. The Chairman is Lilyan Wright.

There were some fun activities at the Library this year for the children. There was an Easter Egg Hunt at Easter time. Our Librarian, Ethel Nilsen, held a summer reading program in August. In July, Lilyan Wright and Elaine Bevilacqua held a day of games and a kids hike and lunch. There was a Halloween party in October and a Christmas party- complete with a visit from Santa in December. Many children attend these events and a good time is had by all!

The Friends of the Library helped at Goshen Old Home Day this year cooking hot dogs and providing some tempting goodies for sale. There was a scavenger hunt and a book sale, too.

Birthday calendars were sold again this year. The calendars are a popular item in the community.

The Library addition did not get underway as anticipated in 1998. Problems arose that were not expected. Plans are in place to start the addition in early spring. Be sure to watch the News Leader for updates on the progress once we do get going.

There have been many new books added to our Library this year. We hope you will stop by and check them out.

The Trustees will continue to try to provide our community with a quality library.

Respectfully submitted,
Marianne Dennis,
Secretary

ENDING BALANCE \$8,214.00

GOSHEN VOLUNTEER FIRE DEPARTMENT 1998 ANNUAL REPORT

The Goshen Volunteer Fire Department responded to 25 calls in 1998.
Calls are as follows:

3	Chimney Fires	1	Car Fire
4	Motor Vehicle Accidents	3	Public Assist
1	Water Tank Problem	4	Medical Assist
1	Smoke Investigation	2	Mutual Aid
1	OHRV Accident	1	Alarm Sounding
2	Electrical Lines	1	CO Detector
1	Grass Fire		

In the last year the Department has had the 4x4 International Tank Pumper completely refurnished. This includes a new plastic water tank, complete pump rebuild, all cab and body rust repaired and a complete paint job. Also updated emergency lighting. This should give this vehicle another 10 - 15 years of service. At this point I wish to thank the Goshen Police Department and all others who helped the Goshen Volunteer Fire Department at this time.

Respectfully submitted
Harry (Jack) Warburton
Goshen Fire Chief

**GOSHEN POLICE DEPARTMENT
1998 ANNUAL REPORT**

1998 was again a busy and demanding year for the Goshen Police Department. We strive to be very proactive in our attempts to prevent crime, and while 1998 brought less criminal activity than the previous year, we experienced an increase in calls requiring immediate responses, such as motor vehicle accidents and ambulance calls.

The Goshen Police Department attempts to respond to every call, however, the demands of the calls exceeded the availability of officers. Sometimes, calls were not responded to as quickly as residents would have liked. As a part-time department, it is impossible to respond to every call. Emergency calls were sometimes handled by the New Hampshire State Police, and later followed up by Goshen officers.

In 1998, the Goshen Board of Selectmen and the Goshen Police Department applied for federal funding for a full-time police officer through the U.S. Department of Justice COPS Program. The federal funding would provide 75% of the funding for a full-time police officer in the Town of Goshen over a three-year period. At the end of the three years, the Town would be expected to keep the full-time officer employed in that capacity and be responsible for the officer's salary, unless the Town was granted a Hardship Exception for the full-time officer's salary. It should be pointed out that while the Department of Justice expects the Town to keep the full-time officer, the decision to keep the officer rests solely with the residents in the form of a vote.

The Goshen Police Department is requesting your assistance in approving and voting in favor of the funding for that full-time officer. This would allow the Goshen Police Department to provide the best possible police protection for the residents of the Town of Goshen, at the lowest possible cost to the residents. Through the federal funding, the Goshen Police Department would freeze the 1999 and 2000 police budgets as it currently stands, in order to fund the full-time officer. The 2001 police budget would increase, as the Town's portion of the funding for that officer would increase.

The Goshen Police Department believes that the Town would be best served by the addition of a full-time officer. Upon the completion of the three-year period, the decision to keep the full-time officer, or eliminate the position, would be up to the residents of Goshen. That choice would be three years away, and the availability of funding could change between now and then.

The statistics for 1998 show a decrease in motor vehicle summons, warnings and arrests. This decrease is due in part to increased awareness of the Goshen Police Department, and because of the Town did not receive two New Hampshire Highway Safety Enforcement Grants. In the past, these Grants have helped to increase the number of patrols and offset the cost to of the patrols to the Town. The grants were not available in 1998, due to the delayed approval of the Federal Highway Safety Bill. The Goshen Police Department has already been approved for one highway safety grant in 1999, with the hope that another will be forthcoming. The funding for these extra patrols has helped to increase patrols and visibility of the Goshen Police Department, while helping to deter some of the criminal activity.

1998 showed a serious increase of animal complaints for the Goshen Police Department. This increase can be attributed to an awareness of Goshen residents towards animals that appear ill. The rabies epidemic has made its presence known in Goshen. Residents are urged to contact the Police Department and be extremely cautious about approaching or touching wild or domestic animals that appear to be ill.

As in the past, the Goshen Police Department is grateful to the residents of Goshen for their continued support. Any questions or concerns may be directed to us through the Newport Dispatch Center at 863-3232

Lake Sunapee
Home Care
and Hospice

Lake Sunapee
Community
Health Services

*Lake Sunapee Region
Visiting Nurse Association*
January 4, 1999

Board of Selectmen
Town of Goshen
Goshen NH 03752

Dear Selectmen,

Lake Sunapee Region Visiting Nurse Association has served this community since 1970. Our mission is to provide health care services that support the dignity and independence of individuals and families in community settings. In order to be sure that we are meeting that mission, it is important to us to maintain our connection with each of the towns we serve.

The changes in Medicare reimbursement as well as the shift to more managed care enacted by the government and the insurance industry have sometimes made the process of accessing medical care and understanding benefits difficult. LSRVNA is committed to working with the people in our communities to educate them about available services and about their rights. We can also facilitate coordination of services and educate families about other resources. We are participating on a number of county committees that are bringing a wide variety of providers together who want to make access to care and services less confusing.

The Board of Trustees is considering establishing a Community Council that would meet three to four times per year to discuss community needs and interests and what LSRVNA might do to help meet those needs. This group would be educated about the programs and services available through the VNA and about Medicare and other insurer regulations and requirements so that they could bring that information back to the people in your town.

I would appreciate it if you would suggest two or three individuals in your town who might be willing to serve on such a Council and submit those names to me so that we could contact them to discuss this initiative further. The Board of Trustees would then select one representative from each of the towns.

Thank you for your assistance. Please call me if you have additional questions.

Sincerely,

Andrea Steel
President and CEO

REPORT OF NEWPORT AMBULANCE SERVICE
Calendar 1998

During the period January 1, 1998 through December 31, 1998 this department responded to 47 calls for service in the Town of Goshen, compared to 36 calls handled in calendar 1997.

On January 15, 1999 the ambulance service was incorporated into the Newport Fire Department administrative structure. This was done to best utilize available human resources and will have no effect on the services provided or the method in which they are delivered.

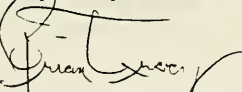

We continue to operate two primary vehicles with a third ambulance available for backup as needed. Our current staffing includes one full time Director/ paramedic; seven volunteer EMT-Intermediates and five volunteer EMT-Basics. All shifts are staffed with attendants who are certified in use of our cardiac monitor/defibrillators. One of our members is currently attending paramedic school and 10 other potential volunteers are enrolled in an EMT class to conclude in February, 1999.

State law requires that we transport to the closest appropriate facility for emergency patient care. This means, in most cases, New London or Valley Regional hospitals. In certain circumstances, we may transport to Dartmouth Hitchcock, depending on location of the call and nature of the injury or illness.

As the 911 EMS provider for five communities, we will handle over 1,000 emergencies this year. We hope you don't require our services, but you may rest assured that if you should need us, we will respond in a timely and professional manner.

We wish to thank the citizens, and the emergency service providers of Goshen for their continued support.

Respectfully submitted,

Brian W. Tracey, Director
Newport Ambulance Service

Sullivan County Hospice, Inc.

P.O. Box 1247
Claremont, NH 03743

November 11, 1998

Selectmen, Town of Goshen
PO Box 6
Goshen, NH 03752

Dear Selectmen:

We at Sullivan County Hospice are requesting \$250.00 from the Town of Goshen.

Sullivan County Hospice has been in existence since 1984. We are a volunteer agency, governed by a 12 member board of directors, all of whom reside in Sullivan County.

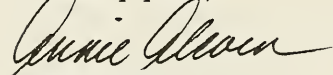

Our mission is to provide practical and emotional support to terminally ill patients and their families within Sullivan County. The majority of the individuals we serve are home hospice patients, who have decided to remain at home under the care of their families. It is in this setting that we provide most of our services. However, we have the flexibility to follow and serve our patients and their families in a hospital or nursing home setting, as well. Our volunteers are fully trained in areas such as death and dying, the grieving process, active listening, and universal precautions. A few of the ways our volunteers provide practical support include respite for care givers, running errands, and light meal preparation. Our volunteers also provide emotional support to both the patient and their family, by being available to listen and offer reassurance and encouragement.

Our referrals come from doctors, nurses, visiting nurse associations, discharge planners, as well as from family members or patients themselves. Our only requirements for service are that the patient be terminally ill and that they reside in Sullivan County. We accept all referrals on that basis and there is never a charge for our service.

In addition to providing volunteer services, Sullivan County Hospice offers a bereavement support group. This group is scheduled for six sessions a year, each lasting a period of five weeks. These groups are open to anyone working through the grieving process.

We thank you in advance for your consideration. We hope that you will continue to support our work with your financial contribution, as we continue in our efforts to support the terminally ill and their families in Sullivan County.

Sincerely yours,

Annie Alcorn
Director

UVLS REGIONAL PLANNING COMMISSION 1998 REPORT

The UVLSRPC is a voluntary association of 31 communities. The Commission is concerned with the development of comprehensive plans for beneficial and balanced economic, environmental and social growth in the Region. It functions as a research, resource, and informational agency and, when appropriate, acts to obtain Federal, State and other approvals, grants-in-aid, loans and similar assistance for individual member towns and for the Region. The Commission provides technical assistance to member communities in the areas of planning (land use, transportation, water quality, etc.), mapping, community development, grantsmanship and grant administration. In addition, regional studies, such as our Regional Transportation Plan, and regional projects, such as the household hazardous waste collections, the nomination of the Cold River to the NH Rivers Management and Protection Program, and the Lake Sunapee and Connecticut River Scenic Byway Studies, are undertaken to the benefit of more than one community.

In the past year, services such as our Planning Board training series and library which features maps, planning resources and US Census data, were available to all of our member communities. Goshen residents, staff and board members have taken advantage of some of these services. A complete list of services which benefit our members is attached.

In 1998, our work specifically for the Town of Goshen included:

- Provided map of the town's stratified drift aquifers.
- Offered assistance regarding review of Mt. Sunapee lease and subsequent development.

NH/VT SOLID WASTE PROJECT 1998 ANNUAL REPORT

We began the year saving everyone \$22.34 per ton of solid waste delivered to the Claremont waste-to-energy plant. This is the result of reducing the tipping fee from \$74.09 to \$51.75 and has reversed the trend in recent years for a substantial portion of our collective waste stream to be diverted, thereby demonstrating that economic flow control can and does work. By working together to keep the tipping fees low and maximize recycling efforts, both the Sullivan County Regional Refuse Disposal District and the Southern Windsor/Windham Counties Solid Waste Management District will more effectively fulfill their obligations of managing and disposing of waste generated within their member towns.

In addition to the reduction in tipping fees, a collections policy was also adopted which enabled Project staff to collect over \$250,000 in outstanding receivables. This did include one sizeable account that had to be resolved through litigation, but a majority of the accounts have been handled by our office.

Unlike years past, the Project was only involved in one significant lawsuit this year. The legal action prompted by Acworth's unilateral attempt to withdraw from the Sullivan County Regional Refuse Disposal District, and thereby the Project, was resolved earlier this year with Acworth remaining a member of the Sullivan County District. The trial court determined that Acworth had inappropriately withdrawn from the District; and although the issue of damages did go to trial, it was settled after a half-day of testimony.

Planning efforts were initiated in the spring of 1998 to address the future management of solid waste by the Districts as well as pre-existing contractual obligations, and resulted in several avenues being identified and explored. A Request for Proposals was published in May that invited interested parties to submit proposals for operating the ash landfill in Newport, New Hampshire. Several proposals were received, although none included a regional recycling facility, and the analysis of options is ongoing. After identifying several major objectives, including ensuring the environmental integrity of the site, minimizing current and future liability, and creating alternatives and options for Project communities, it was determined that a sale or long-term lease of the property appears to best address these objectives. The lease/sale option is the only option under consideration that requires the participation of an outside party – all other options remain within the control of the Project and include:

- Closure upon exhaustion of existing capacity, trucking ash from 2001-2007 to an alternative site;
- Bond the construction of sufficient capacity to meet the demands of ash disposal under the Wheelabrator contract; or
- Bond the construction of a full expansion of the site and accept commercial waste;

All of these "internal" options, however, preserve the current liabilities that accrue to each member of the Districts and any expansion would require a bond to finance initial construction expenses. The sale/lease option continues to be discussed and input is welcome, with the hope that a strategic plan for the site can be prepared during the first quarter of 1999 for presentation at public meetings and for consideration by the Joint Committee.

In addition, samples were taken from the landfill in July by Fritz Enterprises Inc. in order to evaluate the feasibility of recovering the metals present in the ash. The results indicated that it is feasible to bring a mobile separation unit to the site in order to recover both ferrous and non-ferrous metals for recycling. It is hoped that this effort will be completed in 1999.

On the legislative front, several issues have arisen which directly or indirectly affect the member communities. The Vermont legislature passed a mercury reduction bill that established a mercury advisory committee and is, in part, targeting the emissions from waste-to-energy incinerators. Although the Project is exempt from this statute because the contract with Wheelabrator was already in place upon adoption of the statute, it is of continuing interest to all members of the Project. Currently, the advisory committee is recommending the revival of the investigations of the Project by the Vermont Attorney General and the State Auditor's offices, with a recommended focus on finances and contractual obligations.

The New Hampshire legislature will see several bills introduced that affect the Project as well, including establishing a committee to study the Sullivan County District, to repeal the inter-state compact, land use in Newport, and items generally addressing solid waste and mercury. The New Hampshire Department of Environmental Services has also published a mercury reduction strategy that is anticipated to become the subject of legislative action this year as well.

The Districts have signed an agreement with Wheelabrator which provides for the immediate refund of over \$30,000 that was paid for the analysis of ash from the incinerator and establishes a split fee schedule for the duration of the Waste Disposal Agreement. The discrepancy was discovered by the Project bookkeeper, Denise Callum, during budget preparation activities.

The Joint Committee and both Districts have also approved the 1999 operating budget. The budget total is \$3,210,828, with the Sullivan County District share being 57.83% and the Vermont District share being 42.17%, based on the historical average of deliveries for the last ten years. This budget allows the tipping fee to remain competitive and will be \$57.00 per ton effective February 1, 1999.

As 1998 draws to a close, we are enjoying increased public participation in the Executive Committee and District meetings, which is a trend we hope continues. The best decisions can only be made with the best available information and the sharing of perspectives. As we move toward the creation of a long-term regional plan, it is my personal hope that all the positive aspects of public participation will be realized.

Mary E.S. Williams
Project Director

GOSHEN PLANNING BOARD

1998 REPORT

The Goshen Planning Board has approved several annexations and gravel pit permits this year and is working to up date the Master Plan.

The Board was greatly saddened by the loss of Mark Burns who has contributed so much to the Planning Board and to the Town of Goshen.

The Planning Board meets on the first and last Tuesday nights of each month at 7:00 PM in the meeting room of the Town Hall. Most regular business is conducted at the first Tuesday meeting. The last Tuesday meeting is usually a work meeting. Hearings are often held on one of the meeting nights but may be held at any time to fit the schedule of the participants. All meetings are open to the public and anyone interested in working with us on the Master Plan is very welcome.

Respectfully Submitted,
Ruth LeClair
Chairman

**GOSHEN VITAL STATISTICS

**SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE**

To the Inhabitants of the Goshen-Lempster Cooperative School District, in the towns of Goshen and Lempster, in the County of Sullivan, in the State of New Hampshire, qualified to vote in District affairs.

You are hereby notified to meet at the Goshen-Lempster Cooperative School Gymnasium in Lempster on the 6th day of March 1999, at seven o'clock p.m. to act upon the articles set forth in the Warrant. Articles 1,2, and 3 of the Warrant covering the election of Moderator, Member of the School Board from Goshen, will be acted upon at three o'clock p.m., and voting will be by official ballot and checklist. The polls will remain open for this purpose from three o'clock p.m. until at least seven-thirty o'clock p.m.

ARTICLE 1.

To choose a Moderator for the ensuing year.

ARTICLE 2.

To choose a member of the school board from Goshen for the ensuing five years.

ARTICLE 3.

To choose an auditor for the ensuing year.

ARTICLE 4.

To hear reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

ARTICLE 5.

To see if the school district will vote to authorize and empower the School Board to borrow up to TWENTY TWO THOUSAND (22,000) DOLLARS representing the State of New Hampshire's share of special education costs for the 1999-2000 school year, pursuant to RSA 198:20-d upon such terms and conditions as the school board determined in the best interest of the District; said sum together with the cost of borrowing to be repaid by the State of New Hampshire pursuant to RSA 186:c-18, or to take any other action in relation thereto.
The School Board recommends this article.

ARTICLE 6.

To see if the school district will vote to raise and appropriate the sum of TWO MILLION TWO HUNDRED FORTY FIVE THOUSAND SEVENTY NINE DOLLARS (\$2,245,079) as recommended by the school board, for the support of school, for the payment of salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of available income estimated at FOUR HUNDRED THIRTY ONE THOUSAND NINE HUNDRED THIRTEEN DOLLARS (431,913)
The School Board recommends this appropriation.

ARTICLE 7.

To see if the School District will vote to approve an early retirement package that was negotiated between GLEA and the Goshen Lempster School Board for the Bargaining Unit members where they are given incentives to retire earlier than normal in an effort to achieve savings to the district in the salary line items.

Details: No more than two members can retire in a year unless otherwise agreed upon. Expect to be 55 year old at the date of retirement, completed a minimum of 8 years of service in the GLSD during the first year of the agreement, 9 years for the second and 10 years for every year thereafter.

Provide written notice to the GLSB of the intent to retire November 1 of the school year preceding the year they wish to retire.

Retirement benefit is comprised of parts A & B:

A. The teacher who is retiring shall receive two-thirds of the current substitute teacher pay per day for all unused sick leave up to 100 days. Paid as one cash payment at the official date of retirement.

B. A salary stipend equal to 33 1/3% of the retiree's final year salary will be paid to the employee as part of their salary and regular pay schedule during their final school year. This can be paid into a tax deferred annuity if the retiree wishes.

The retirement benefit will be reduced 10% for every year a teacher is eligible but does not choose to exercise the benefit. 55 years of age - 100% benefit, 56 years of age - 90%, 57 years of age - 80%, 58 years of age - 70%, 59 years of age - 60%, 60 years of age - 50%, 61 years of age 40%, 62 years of age 30%, 63 years of age 20%, 64 years of age 10% and 65 years of age or older 0% benefit.

There are certain staff who are above eligible age who will be grandfathered for the first two years of the agreement and will be treated like those of an eligible age.

School Board recommends this article

ARTICLE 8

To see if the School District will vote to bring physical education to a full time program and to raise and appropriate the sum of TWENTY FIVE THOUSAND ONE HUNDRED FIFTY TWO DOLLARS (25,152) for this purpose.

The School Board recommends this appropriation

ARTICLE 9

To see if the School District will vote to raise and appropriate TWENTY THOUSAND FIVE HUNDRED SEVENTY FIVE DOLLARS (\$20,575.) in support of Phase 1 of 3 of the School District's three year technology plan. This includes:

- Administration networked
- TV - VCR converter for Computer
- CD tower server
- Software and supplies
- Site Licenses
- 4 printers
- Training
- Technology support

The School Board recommends this appropriation.

ARTICLE 10.

To see if the School District will vote to hire a part time technology facilitator and to raise and appropriate the sum of ELEVEN THOUSAND SIX HUNDRED TWENTY FIVE DOLLARS (\$11,625) for this purpose. The facilitator will help the district move toward full technology integration over the next three years. The Facilitator is needed to provide all staff with technology applications using computers, integrating computer software into the curriculum, integrating the use of the Internet and the LAN system into the curriculum in accordance with the NH Curriculum Frameworks, troubleshooting when computers or the network-system goes down, and assist staff in pursuing technology grants.
The School Board recommends this appropriation.

ARTICLE 11.

To see if the School District will vote to purchase a sound system for the gym and to raise and appropriate the sum of SIX THOUSAND FOUR HUNDRED DOLLARS (6,400) for that purpose

- includes
 - 2 mic jack wall mounted
 - Cable, hardware
 - Cabinet on wall with door
 - Module Equalizer
 - 8 speakers (bose)
 - 8 Channel mic mixer
 - 2 mic, dynamic w/ switch
 - Rack mount kit
 - AMP 240 watt power
 - Install labor

The School Board recommends this appropriation.

ARTICLE 12.

To see if the School District will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of replacing the gym floor and to raise and appropriate the sum of FIVE THOUSAND DOLLARS (\$5,000.00) to be placed in this fund.
The School Board recommends this appropriation.

ARTICLE 13.

To see if the School District will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of replacing the boiler that was installed in the mid 1950's and to raise and appropriate the sum of FIVE THOUSAND DOLLARS (\$5,000.00) to be placed in this fund
The School Board recommends this appropriation.

ARTICLE 14.

To see if the School District will authorize the School Board to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year, as outlined under RSA 198:20-b, provided that (1) such money is used for legal purposes for which a school district may appropriate money, (2) the School Board holds a public hearing on the expenditure of such money before it is expended, and (3) the expenditure of such money does not require expenditure of other School District funds.

ARTICLE 15.

To transact any other business that may legally come before this meeting.

Given under out hands this 15th day of February 1999

**GOSHEN-LEMPSTER SCHOOL DISTRICT MEETING
MINUTES OF THE ANNUAL MEETING
OF THE GOSHEN-LEMPSTER SCHOOL DISTRICT**

March 7, 1998

The inhabitants of the Goshen-Lempster Cooperative School District, from the towns of Goshen and Lempster, in the county of Sullivan, in the State of New Hampshire, qualified to vote in District affairs, met at the Goshen-Lempster Cooperative School Gymnasium in Lempster, on the 7th day of March, 1998 at three o'clock P.M. to vote for the Moderator, Members of the School Board both from Lempster and at seven o'clock P.M. to act upon the articles set forth in the Warrant.

Alice Bard made a motion to open the polls for the purpose of voting on Articles 1, 2, 3. Judith Patterson seconded the motion. Voting began at 3:00P.M.

Election officials present were: Goshen Supervisors - Sherri Moen, Herbert Bennett, and Dan Hunter, Goshen Ballot Clerks - Rita Purmort, and Joyce Bennett, Lempster Supervisors - John Terrell, Madeline Ferland, and Judith Patterson, Lempster Ballot Clerks - Rebecca Richards, and Alice Bard, Moderator - John Williams, School District Clerk-Debra Dustin.

There were 90 voters 41 from Goshen and 49 from Lempster.

Article 1:

To choose a Moderator for the ensuing year.

Michael Sklar was elected with 5 votes

Other votes cast were John Williams 30 votes(declined), F.Smith 2, R. Adler 2, A. Jillette1, J. Michaels 1, J. Morone 1, E. Dennis 1, F. Bard 1, G.Litchfield 1, T. Leclair 4, P. Barrett 1, S. Roberts 1, B. Wilcox 1, K. Onella 1, C. Whitman 3.

Article 2:

To choose a member of the school board from Lempster for the ensuing five years and to fill a vacant Lempster position for the remainder of the term, term expires 2001.

John Terrell was elected for the five year term with 53 votes.

Other votes cast were C. Whitman 1, D. Arsenault 2, K. Onella 1, D. Adler 2.

Gayle Fleming was elected for the three year term with 65 votes.

Other votes cast were C. Whitman 4, C. Newton 1, D. Adler 2, B. Newton 1, D. Arsenault 1.

Article 3:

To choose an auditor for the ensuing year.

By law Auditing has to be conducted by State and Federal Auditors.

Don Allen received 1 vote.

The business meeting opened at 7:05 P.M. The School Board Members present were: Arthur Jillette, Paul Barrett, Carlene Scarlett, Janet Gibson. Also in attendance were Superintendent Dr. Howard Goodrow and Principal John Bonfiglio.

The Moderator opened the meeting by Thanking everyone for their attendance and instructions for a smooth and orderly meeting.

Article 4:

To hear reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

Motion made by: Carlene Scarlett Seconded by: Lars Nelson

There were no comments made. The article passed unanimously by voice vote.

Article 5:

To see if the school district vote to authorize and empower the School Board to borrow up to THIRTY THREE THOUSAND ONE HUNDRED FORTY (33,140.00) DOLLARS representing the State of New Hampshire's share of special education costs for the 1998-1999 school year, pursuant to RSA 198:20-d upon conditions as the school board determines in the best interest of the District; said sum together with the cost of borrowing to be repaid by the State of New Hampshire pursuant to RSA 186:C-18, or to take any other action in relation thereto.

Motion made by: Arthur Jillette Seconded by: Michael Sklar

Arthur Jillette explained that this Article will make the funds available the year they are needed instead of getting the funds the year after.

The Article passed unanimously by a voice vote.

Article 6:

To see if the district will vote to raise and appropriate the sum of TWO MILLION TWO HUNDRED FOUR THOUSAND FIVE HUNDRED DOLLARS(2,204,500) as recommended by the School Board, for the support of school, for the payment of salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of available income estimated at FOUR HUNDRED FORTY EIGHT THOUSAND NINE HUNDRED FIFTY SEVEN DOLLARS(448,957)

(The School Board recommends this appropriation.)

Motion made by: Arthur Jillette Seconded by: John Fabrycky

Dr. Goodrow addressed the concerns people have over the costs of Special Education. Paul Barrett explained about the increase in teacher salaries due to negotiations and the addition of a half time teacher.

Phillip Keeler moved to amend motion to read "...to raise an appropriate the sum of TWO MILLION ONE HUNDRED FIFTY THOUSAND DOLLARS(2,150,000)....."

The motion was seconded by Jean Barrett.

There was further discussion on the negative affects about cutting funds out of budget.

Michael Sklar called to question on amendment to Article 6.

Call to question passed by voice vote.

The amendment to Article 6 was defeated by voice vote.

Fred Bard called to question Article 6.

Call to question passed by voice vote.

The Article passed unanimously by voice vote.

Article 7

To see if the school district will vote to raise and appropriate the sum of TWENTY THOUSAND TWELVE DOLLARS(20,012) in support of Phase III of the school district's three year technology plan. This includes:

- 2 Workstations (\$4,000.00)
- Library Automation (\$10,000.00)
- Large Screen TV (\$800.00)
- Scanner (\$300.00)
- Facilitator (\$4,000.00)
- Monthly Fee for Internet (\$360.00)
- Phone Bill for Internet (\$552.00)

(The School Board recommends this appropriation)

Motion made by: Janet Gibson

Seconded by: Peggy Brown

The Article passed by voice vote.

Article 8:

To see if the school district will vote to raise and appropriate the sum of NINE THOUSAND FIVE HUNDRED DOLLARS (9,500) for installation of absorptive panels in the gymnasium for the purpose of improving the acoustics. (School Board recommends this appropriations)

Motion made by: Paul Barrett

Seconded by: Bruce Wilcox

After some discussion the Article passed unanimously by voice vote.

Article 9:

To see if the School District will continue on an annual basis the Capital Reserve Fund as established at last years annual meeting, under the provisions of RSA 35:1-b to meet the expenses of educationally disabled children and raise and appropriate up to TEN THOUSAND DOLLARS (10,000) to be placed in this fund, with such amount to be funded from the undesignated fund balance (surplus).

(The School Board recommends this appropriation.) (Majority Vote required.)

Note: If the surplus at the end of the year is less than TEN THOUSAND DOLLARS (10,000), then only such lesser amount will be placed in the Capital Reserve Fund.

Motion made by: Janet Gibson

Seconded by: Sydney Lorandean

Arthur Jillette explained this is to cover for added Special Education costs voted in last year but has to be voted on each year.

The Article passed unanimously.

Article 10:

To see if the school district wishes the School Board to begin a study to investigate the possibility of signing an area agreement with a specific high school district, or look into the possibility of forming a cooperative high school with other area towns in an effort to reduce the cost of high school education.

Motion made by: John Fabrycky

Seconded by: Hugh Jacobs

Peggy Brown moved to amend Article 10 to read "...to begin study of forming a cooperative school with other area towns....." Amendment seconded by: John Fabrycky There were several comments on the benefits of choosing where our children go to school. The amendment to article 10 was defeated by voice vote.

The Article was defeated Unanimously by voice vote.

Article 11:

To see if the School District will authorize the School Board to apply for, accept and expend, without further action of the School District Meeting, money from any source which becomes available during the fiscal year, as outlined under RSA 198:20-b, provided that (1) such money is used for legal purposes for which a school district may appropriate money, (2) the School Board holds a public hearing on the expenditure of such money before it is expended, and (3) the expenditure of such money does not require expenditure of other School District funds.

Motion made by: Fred Bard

Seconded by: Tracey Ross

The Article passed unanimously by voice vote.

Article 12:

To transact any other business that may legally come before this meeting.

Arthur Jillette wanted to thank Paul Barrett for his years on the School Board. There was a round of applause.

Fred Bard wanted to recognize John Williams for his years of service as School District Moderator. John Williams received a standing ovation from all who were present.

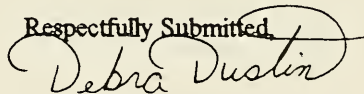

John Williams expressed his thanks for being able to serve for the school district and expressed the importance of involvement in the education of our students.

A motion to close polls at 8:55 P.M. was made by Emily Fairweather and seconded by Chris Smith.

A motion to adjourn the business meeting was made at 8:45 P.M. by Michael Sklar and seconded by Charity Jacob.

Both motions passed unanimously by voice vote.

Respectfully Submitted,

A handwritten signature in cursive script that reads "Debra Dustin". The signature is written in dark ink and is positioned above the printed name and title.

Debra Dustin
School District Clerk

PRINCIPAL'S REPORT

1998

What is school about as we head into the next millennium? We certainly recognize that things are much more different than they were fifteen years ago. Some of the changes that are on our "doorstep" are: an increase in the number of dysfunctional families; incredible technological advances influencing school and the home; mass media is influencing the development of children more than ever; students now question authority and shun traditions more than ever before; there exists a "hurry-up society" that seems to lack a sense of community; and, as result of the dramatic changes, new techniques for teaching strategies are rapidly developing. How are we doing on our "report card" of keeping pace with change? Most citizens will agree that this District is doing an awesome job.

There were many accomplishments by students and staff last year; there were also an enormous number of contributions by parent and community member volunteers. To mention them all in this report is not possible; however, some of the events were:

JANUARY

The fifth year of our Winter Activity Program was an overwhelming success under the brilliant direction of Ms. Sharon Parsons. The students engaged in such programs as alpine skiing, nordic skiing, roller skating, cooking, making crafts, floor hockey, swimming, and auto mechanics. A main objective of the program is to encourage students to develop recreational skills that will enhance their lives.

The Eighth Grade graduating class of 1998 participated in a grant sponsored program entitled Personal Safety and Awareness. The twelve week program provided the students the opportunity to hone decision making skills regarding issues of substance abuse, sexuality, and peer pressure.

FEBRUARY

Presentations on life in Denmark and Botswana were made to the students by New Hampshire college students who participated in the International Four-H Youth Exchange program.

Two School To Work grants were received. One grant, submitted by Ms. Brewer, focused on developing student awareness of the role of business in the adult world; the student council utilized the funds to develop a landscaping project for the school. The other grant, awarded to Mr. Ekstrom, was used for hands on projects for his science classes.

Ms. Kim Gaddes and Mr. Steve Lamery provided the students with tickets to the Annual Childrens' Magic Show. The event was a fund raiser for the search and recovery of missing children.

The P.T.C. sponsored a visit from the Furry Friends Zoo on the Friday afternoon prior to February break. The students were treated to a live educational presentation of very young exotic animals.

A mid-year honors assembly was held to congratulate and to honor those students who made high academic achievement. Ms. Pierce's first grade class provided singing entertainment, and a presentation on behalf of the students and the staff was made to Ms. Parsons for her outstanding work in coordinating the Winter Activities Program.

MARCH

On the evening of March 2nd, at the School District Meeting, parents and citizens of the community demonstrated their support for the educational process by passing the Warrant Article to support phase III of the District Technology Plan. The major strive of this phase was to bring the school library into the computer automation age.

This year's project fair was entitled The Invention Convention. Many parents and guests spent an evening viewing students' presentations of their creative inventions. Prior to the convention, the Third Grade class continued its tradition with its annual Cheap Night Out dinner.

Rebecca Reinartz, eighth grade student, was notified by the National Geographic Society that she had qualified to participate at the state level of the National Geography Bee.

APRIL

Ken Uzdanovich, a specialist who creates programs for students with attention deficit disorder, presented an exciting workshop for parents who have children with A.D.D..

On April 10, the "Easter Bunny" could be seen "hopping" about the school delivering chocolate eggs to students and staff. This special effort has become a tradition that was conceived by Ms. Debbie Hebert.

On the Friday afternoon prior to the April break, the P.T.C. sponsored the presentation of an entertaining Magic Show for the entire student body.

MAY

In conjunction with a Student Council project of evaluating the school playground structure, it was discovered that there existed several areas that presented a hazard. As a result, six dads answered the call to rectify the problems; they were Mr. Wally Geuser, Mr. Rick Santaw, Mr. Eric Flemming, Mr. Walter Patterson, Mr. John Jokinen, and Mr. Kurt Wirkkala.

For Teacher Appreciation Day, the P.T.C. provided a spectacular luncheon for the staff. The faculty room was elegantly set-up in a buffet style with a dinner table complete with a candelabra, a main dish table, and a salad and dessert table.

On May 15, in accordance with A Lawyer in Every School Day, County Prosecutor Mark Hathaway, Attorney Michael Shklar, and State Trooper Michael Johnson created and presented legal cases to the students. The program is an effort to enhance the students' understanding of our judicial system.

In a continuing campaign to develop a school-community multi-purpose court on the school grounds, the P.T.C. hosted a HOOP-A-THON. Several teams participated in the fund raiser, and again the Lempster Fire Department came out on top. Fire Chief Philip Tirrell generously donated the winnings back to the P.T.C. for the multi-purpose court.

JUNE

Under the direction of Ms. Brewer and Ms. Darlene Scimemi, the Student Council utilized the grant money awarded in February to embark on an ambitious school grounds beautification project. Trees and flowers were planted, and walkways were more prominently defined.

On the evening of June 17, the students of the Eighth Grade Class assembled for graduation exercises. Cale Delaney, Class Salutatorian, welcomed parents and guests. Laura Dennis and Justin Gonyea, Co-Third Honors, delivered the class history. Rebecca Reinartz, Valedictorian, bid farewell to the school on behalf of her class. Ms. Brewer, Mr. Davidson, and Mr. Bonfiglio presented awards to the graduates. Superintendent Dr. Howard Goodrow addressed the students, and School Board Chair Arthur Jillette issued diplomas. The P.T.C. provided a reception for the graduates following the ceremony.

SUMMER BREAK

For most people, school is the furthest from mind during the summer. This is the period when an incredible amount of time is spent planning for the next school year (hiring staff, scheduling activities and classes, participating in workshops, "Spring and Fall" cleaning of the building, and special maintenance projects). Last summer, the gymnasium acoustical system was installed by our custodians.

Even volunteers continued to be involved with the school during the summer. The P.T.C. worked to plan for the August 30 Ice Cream Sunday Social (an opportunity for students, parents, and teachers to socialize just prior to the start of school). Ms. Ruth LeClair arranged for her International Work Camp youngsters to do some painting at the school. Even Carlene and Kevin Scarlet showed up with their paint can and brushes to clean-up the school sign.

SEPTEMBER

The new school year opened on September First with the theme "I Can Be All I Dream To Be". At the opening day assembly, staff and students sang the recently developed Goshen-Lempster School Song (this was developed at one of the August workshops).

There were quite a few new faces among the staff on the first day of school. Ms. Lorraine Newcomb, who was a teacher assistant, was chosen to become our new librarian, replacing Ms. Ruth LeClair whose vision continues to shape the function of our library. Ms. Susan Roberts assumed the duties of fourth grade teacher, replacing Ms. Parsons (a teacher who made immense contributions to the school; she is missed). Ms. Melissa Appelbaum became one of third grade teachers, and Mr. James Hull is one of our fifth grade teachers. Mr. Jack Carson joined our staff as a seventh and eighth grade math teacher, and Ms. Patricia Waltzer became our music teacher. Ms. Sherry Menard is now with our Title I Program, and Ms. Penny Robinson joined our paraprofessional team. During the course of the Fall, we acquired several new staff members: Mr. Michael Lewis (custodian) and teaching assistants Ms. Mary Fellows, Ms. Christian Stetson and Ms. Christine Wrightington.

There were some changes in the Parent-Teachers' Club (P.T.C.) executive committee: Ms. Peggy Brown became the new President; Ms. Janet Gibson is the Vice President; and Ms. Gayle Fleming is the Secretary. Ms. Doreen Murray continued on as the Treasurer. Not enough can be said for the brilliant job that Ms. Judy Brenner did as President of the P.T.C.. Her leadership resulted in so many accomplishments. She not only led us through several years of Craft Fairs and planned to provide special activities for students, she was responsible for the development of the Spoon Full of Sugar after school program. Ms. Brenner also got the "ball rolling" for the School/Community Multi-Purpose Court that will soon be a reality.

The teachers began a process of parent conferences in September. The goal was to have teachers and parents jointly develop a plan for student progress throughout the year. Follow-up conferences were scheduled for mid-Winter as a reality check on the progress.

The District was awarded approximately \$24,000.00 in a competitive application for the Sliver Grant, a New Hampshire special education grant. The money was used to set-up a Linda Mood Bell reading program.

OCTOBER

On October 9, the Goshen-Lempster School District, working with neighboring districts to provide staff development opportunities for teachers, sponsored The Responsive Classroom workshop. The Northeast Foundation for Children presented a full day of instruction on the development of social skills in the classroom. The Foundation is a non-profit educational program that is devoted to improving classroom teaching and learning environments. The Goshen-Lempster School hosted teachers from Newport and Sunapee; some of our teachers went to workshops that those districts were sponsoring.

The Lempster Fire Department conducted a fire prevention program for our students. Participating in the program was Fire Chief Philip Tirrel and Fire Fighters Ken LaQuire, Ted Tillson, Janette Fournier, Loretta Hull, and Barbara Chadwick.

NOVEMBER

On Sunday, November 22, the ninth annual Holiday Crafts Fair brought people together in a country Christmas atmosphere. Mr. and Mrs. Santa Clause were on hand to have their picture taken with the children. Crafters came from all over to show and sell their art. Teachers and students had been working for weeks to create their own crafts for the fair. There were unique activities for people such as face painting and cookie decorating. The event was a product of an incredible planning strategy by the P.T.C. under the articulate direction of President Peggy Brown.

The 1999 Winter Activity Program was organized by three incredibly energetic parents. Ms. Janet Gibson, Ms. Debra Dustin, and Ms. Carlene Scarlett invested an enormous amount of time and energy to coordinate student participation in a variety of activities.

In an effort to emphasize the accomplishments of students who achieve academically, Ms. Marianne Dennis proposed working with the administration to develop a reward and recognition system for achievement. As a result, at the end of each quarter, students who have achieved an honors standing are rewarded with a special activity.

As a result of the District's support of technology in education, and, as a result of the long term planning and fund raising efforts of Ms. Ruth LeClair, the school library automation system became activated. Under the direction of Ms. Lorraine Newcomb, the library books have been bar coded and can now be processed for distribution through the computer. This process, in which students are assigned numbers for book withdrawals, brings the operation into legal compliance and greatly facilitates management of book distribution.

DECEMBER

Superintendent Goodrow arranged for the Sixth Grade class to participate in the F.I.R.S.T. program. The students traveled each day for a week to Manchester to be part of a pilot program to introduce students to the world of business and engineering. The students were divided into teams and were challenged to develop a functional robot. The facility provided a multitude of technological resources to accomplish the task. At the end of the week, the teams had to present their project in terms of development and finance.

On the evening of December 15, the students presented a Holiday Concert for parents and citizens. The concert, organized by Ms. Patricia Waltzer, included class chorus numbers and solo instrumental performances. In addition, Ms. Geraldine Rudenfeldt, who had been working with students for several weeks, provided a "spine tingling" performance of a chimes chorus.

The events that have been mentioned are simply a part of the great big picture that makes up a school year. The mechanism that enables the "wheels of education to turn" is quite complicated. The school is a microcosm of society, and, as such, must provide all of the services that our social system provides. To be able to accomplish that in a small system, there needs to be a team (a staff) that is committed to the client (the student). The Goshen-Lempster team (food service, secretarial, teaching, custodial, health, counseling, etc.) is so effective that it makes the Goshen-Lempster Cooperative School one of the best schools in the area.

As we head into the new millennium, we will encounter greater challenges. Given the dedication of a determined School Board and a hard working staff, accompanied with the continued support of a caring community, the Goshen-Lempster Cooperative School District will meet the challenges of the next century with confidence.

Respectfully submitted,

John Bonfiglio

GOSHEN-LEMPSTER SCHOOL DISTRICT

Dear Taxpayers:

Yes, another year has past and it is time for the Superintendent's report to the district. We have had a very, very successful year. We have all heard about Y2K regarding the year 2000 and computer failures. To that end, we have made the necessary changes to protect our records and also to incorporate the new account code system that is required for this FY 2000 budget. Credit must be given to Mrs. Lori Wilcox for all of her efforts in making this come to fruition.

Our high school students have, for the most part, kept up academically at the schools of their choice. While reporting on the high school students, one can readily see that our high school enrollment is approximately 33% of the total enrollment yet cost, you the taxpayers, over 50% of your budget. The question still needs to be answered, can we continue to pay such fees per student or should we consider an area plan to one school. This process would allow for a negotiated price that I'm sure would result in lower costs.

Our Special Education costs have been contained with our current student population. You should know that those students who are "out of district" are doing very well and we expect to see some of those placements end in the next year or two. I am very pleased with the results we are getting. As I attend meetings at these schools I find that our students are having positive experiences which will either release them from the Special Education label or allow them to be successful in a regular school setting.

Our enrollment has shown a dramatic increase approaching 10% of last years figures. We have had not only elementary students, but six high school students which were not budgeted for this year. These are areas beyond our control. These are the types of cost decisions that drive the School Board crazy during in budget preparation.

The School Board has been on top of everything. They also spend a lot of time in the school during the school day doing what they can to help anyone that needs help. I for one certainly appreciate what they do for your students.

Our budget increase is minimal for FY 2000, yet there are many things that should be funded within our budget, but the School Board wants you the taxpayers to have a say on large expenditures, hence the large list of special articles. If you keep this list from year to year you will see that the same items will appear until we get them done. As they are completed, more will take their place. We must remember that while we the educators educate, you the taxpayers must protect your investment in your facility.

Realizing there is life beyond these four walls, we began a new educational program with a non-profit corporation in Manchester called "FIRST". Our sixth grade students spent an entire week traveling to FIRST every day to be educated by non educators delving into technology, robotics, science, math, business presentation, etc. It was a wonderful experience for those sixth graders. We are going to send our 7th and 8th grade classes in the spring. The curriculum we used was developed by our staff to make sure the project would cover the areas in the State Standards that needed to be reinforced. As the program grows, the students will have a career component added to help them make decisions on what they must do to pursue their career goals.

The staff have been working after school to realign our curriculum to meet the state standards. We will expect constant improvement over the next few years. The staff is also undergoing an evaluation of other methods to deliver their message such as the MI (multiple intelligence program) which seeks methods to; one identify a students method of learning be it linguistic, musical etc., In other words, let's not ask "how smart are

kids", but rather "how are kids smart". Once we assess each child, we then teach to individual strengths.

Goshen-Lempster started a new reading program for those students who have trouble in the normal process. It appears to be working well based on what we have seen. Like everything in education its origin dates back to the 70's and I suspect even further if we did the research. It may have a new name but the process is only new to us.

Our policies which we put in last year i.e. discipline code, graduation standards, etc. have had a marked effect on the school climate.

I am pleased that we are moving in a positive direction and that positive attitude can be directly related to the entire Goshen-Lempster community from the principal to staff, custodians, cafeteria, teacher aides, school board and volunteers. We thank them one and all. Further, none of these successes would be able to be done without your financial support. We sincerely appreciate your willingness to allow us to say that we are "A School District on the move".
